This very affordable, respected online subscription system can help healthcare providers learn to bridge cultural differences and use them as assets rather than barriers. System content includes nearly 70 cultures, including nationalities, religious traditions, ethnicity, gender and generation. The resource is story-based, and uses core values as clues to enhance understanding. Users are able to keep personal notes and upload stories and debriefs. Join a complimentary webinar to learn more and receive a 3-day pass: [http://www.culturaldetective.eventbrite.com](http://www.culturaldetective.eventbrite.com)
