Your support for DiversityRx is appreciated!

We are fortunate to be able to serve the community of people who work with culturally diverse populations. There is no greater reward for us than hearing positive feedback from people we have helped [1].

If you feel you have benefited from what we have to offer, or you know our services can help others, your financial support -- large or small -- is greatly appreciated.

DiversityRx has historically received support from many sources [2], including private foundations and government agencies. These grants are usually for projects with specific deliverables. In this time of foundation reductions and government cut-backs, we need to expand our support from private sources. These contributions help us maintain the DiversityRx website, listservs, and resource databases -- activities we don't receive grant money to staff.

If you would like to discuss a donation to DiversityRx, please contact us [3]. If you are ready to make a donation by check, please make the check payable to “DiversityRx” and mail to:
